

## Be on time

Our Zoom meeting is at  
Please be  
ready to join at this  
time so we can get  
started straight away!  
I'm sure we will all be  
so excited to log onto  
the meeting.

## Camera and mute on

To start, everybody should have their camera turned on so we can see you and their mic muted.

## Raise your hand to speak

When you are ready to speak, if you raise your hand we will know to unmute you so everybody can hear.

## Find a quiet space

Try to find a place that it is not too noisy so that you can hear me and your friends talking. For example, turn off the TV if nobody is using it during our zoom time!

## Participate and be kind!

This is the most important rule. Listening to our friends and answering if it is our turn. This way I get to hear everybody and see everybody and we can have the best time!

Have fun! Enjoy the time seeing your friends again and your teacher! I am so excited to see and hear from everybody again!
